It would be great if President Trump hired former Acting Director of Immigration and Customs Enforcement (ICE), @RealTomHoman!

Need a strong man to make sure Trump's policies are carried through.

Kamala Harris's illegal immigrants have no right in America. They need to go back to their countries.

House update. Republicans have the lead 216-204. You need 218 for control.

15 races still open. 6 lean left; 9 tossups.

Rs are close in only 2 left-leaning races; but should win 4-6 of the tossups.

So, we should hold the House, about 222 to 213. Maybe a gain of 1 seat overall.

15 House races still undecided

Republicans will likely retain the majority

BUT: There is no excuse for results delayed 48 hours and counting

Election reform must be a priority in the new Congress

If Trump didn't win:

- He would've died in prison
- Many of his top advisors and supporters would've died in prison
- Most big influencers would've been banned
- Guns would be seized
- Amnesty for illegals
- Senate filibuster gone - Supreme Court expanded with Marxist judges

Van Jones is actually wrong with his take here

Kamala's team ran a similar online campaign and was actually doing better than Team Trump up until August

The difference is Kamala's team is WOKE. They ran that campaign on hate, straight up lies, and out of touch celebrity
